## ABOUT AGL

### What Happens When Africa's Brightest Minds Are Challenged at the Level They Deserve?

Too many gifted African learners are under-stimulated, under-challenged, or unnoticed. African Genius League (AGL) exists to identify brilliance early, sharpen it through rigorous challenge, and showcase it on competitive platforms.

#### Mission

African Genius League exists to unlock and elevate exceptional academic talent across Africa. Through elite coaching, rigorous selection, and competitive enrichment, we empower high-achieving learners to realise their full intellectual potential and contribute meaningfully to the continent's future.

#### Vision

Our vision is to have a continent where our brightest minds are globally competitive, intellectually confident, and proudly African.

#### Values

- **Excellence without Compromise** – Average is never our benchmark
- **Discipline** – Genius requires structure and effort
- **Personalised Mastery** – Bespoke service, not mass delivery
- **Pan-African Prestige** – Status, identity and belonging
- **Integrity** – Fair competition, honest achievement

## OUR PROGRAMMES

### Structured Development for Sustained Excellence

African Genius League (AGL) offers a holistic, high-level development framework designed to support high-achieving learners academically, competitively, and personally. Each programme is carefully structured to complement strong school performance while extending learners beyond the standard curriculum.

### Academic Coaching

Academic Coaching at African Genius League is designed for learners who already perform well at school, yet understand that excellence can always be refined, deepened, and sustained.

Rather than remedial tutoring, our academic coaching:

- Identifies gaps even within high performance
- Strengthens conceptual understanding
- Refines exam technique and academic discipline

Learners receive **once-weekly support** focused on:

- Core school subjects
- Advanced problem-solving
- Academic consistency across the school year

The goal is not merely improvement, but **sustained top-tier performance** within the school environment.

## Competition Coaching

African Genius League facilitates and prepares learners for participation in a wide range of academic and intellectual competitions, working collaboratively with schools and families.

Our Competition Coaching includes:

- Identification of suitable competitions
- Facilitation of competition registration
- Structured preparation and coaching
- Performance review and strategy refinement

Examples of competitions supported include:

- School Subject Olympiads (Mathematics, Science, English, etc.)
- Spelling Bees
- Science Expos and Research Showcases
- Chess, Scrabble, and other strategic thinking competitions

Through targeted coaching, learners are equipped not only to participate, but to **compete confidently and achieve strong results**.

## Career Orientation

African Genius League believes true academic success must be guided by meaningful purpose.

Our Career Orientation programme provides scholars with:

- Exposure to a wide range of academic and professional pathways
- Career matching based on strengths, interests, and aptitude
- Facilitation of job shadowing opportunities
- Access to real-world work exposure experiences

This ensures learners begin making **informed academic and career decisions** early, aligning their studies with long-term aspirations.

## Mentorship

Each African Genius League learner is assigned a **high-calibre mentor** who walks alongside them throughout their academic journey.

Mentorship includes:

- Individualised academic and personal guidance
- Ongoing performance monitoring
- Regular progress updates to families
- Tailoring of programmes to each learner's needs and goals

Mentors act as both **accountability partners and intellectual guides**, ensuring that each learner receives a deeply personalised development experience.

# ANNUAL BRAINIAC CAMP

## Where Academic Excellence Becomes a Competitive Sport

“The most demanding sport of all is the sport of the mind.”

### Stretching Minds. Sharpening Brilliance. Celebrating Excellence.

The Annual Brainiac Camp is African Genius League’s flagship intellectual experience — a prestigious, invitation-only gathering of Africa’s brightest young minds.

Just as elite athletes train their bodies through challenge and competition, Brainiac Camp trains the mind through rigorous intellectual engagement. Learners are pushed to **stretch their cognitive muscles**, think faster, reason deeper, and perform under pressure in an environment that celebrates academic excellence as a sport in its own right.

This is not a holiday camp. It is an arena for intellectual growth, competition, and recognition.

Throughout the camp, learners engage in a structured programme of:

- Advanced academic and reasoning challenges
- Individual and team-based competitions
- Strategy-building and performance sessions
- Intellectual collaboration and peer engagement

At the conclusion of each camp, one learner is awarded the prestigious **Brainiac Trophy**, recognising:

- Outstanding intellectual performance
- Consistency across challenges
- Strategic thinking and resilience

This honour represents the highest level of achievement within African Genius League and is a defining milestone in a scholar’s journey.

“Athletes train muscles. Brainiacs train minds.”

## SELECTION PROCESS

### The Door to Greatness Opens Only for Those Who Qualify by Choice

African Genius League (AGL) brings together learners defined by purpose, discipline, and proven capability. It is a demanding arena where excellence is tested and standards are upheld. Entry is granted to those willing to meet high expectations, pursue continuous growth, and rise above the ordinary.

### Application/Nomination

#### Who can apply?

Parents or guardians

Schools or educators

#### Requirements:

- Most recent academic report showing a minimum 80% average
- Basic learner profile (age, grade, school, subjects, country)
- Motivational statement from parent or educator

### Academic Review

AGL conducts a document-based academic review to confirm:

- Sustained high performance
- Subject strengths
- Academic trajectory over time

## AGL Assessment Challenge

Shortlisted learners complete an AGL Assessment Challenge, designed to test:

- Reasoning and problem-solving ability
- Depth of understanding
- Ability to handle unfamiliar, high-level questions

Thinking under time constraints

*\*\* This is not a school test; it reflects Olympiad-style thinking. \*\**

## Placement and Tiering

Based on performance, learners are placed into one of these groups:

- **AGL Scholar**
- **AGL Elite**
- **AGL Apex**

Placement determines:

- Level of coaching
- Type of challenges
- Competition eligibility
- Brainiac Camp invitation pathway

*\*\* A short interview may be conducted to ensure that every learner is challenged at the level they deserve. \*\**

## Offer of Admission

Successful candidates receive:

- An official Offer of Admission
- League tier placement
- Programme outline and expectations
- Fee structure and enrolment timeline

## FEES STRUCTURE

### An Investment in Exceptional Minds

African Genius League is a premium, selective programme for high-performing learners. Our fees reflect the level of personalised coaching, competition preparation, and enrichment provided to each learner. Fees are structured by age group to reflect the increasing complexity and intensity of our programmes.

Scholar	Annual Fee	Monthly Fee
Junior League (9-12)	R15 000	R1 667
Intermediate League (13-15)	R18 000	R2 000
Senior League (16-18)	R25 000	R2 778

- The annual fee is payable before 28 February 2026 and includes a 10% discount on the total amount.
- Ten monthly payments (February–November) are due annually, before the 1st of each month.

### Annual Brainiac Camp Fees

Invitation-Only | Separate from Membership

Fees will be communicated to invitees ahead of the camp.

#### Brainiac Camp Participation for 2026 Includes:

- On-site Residential and Dining Experience for Brainiac Weekend
- Brainiac Kit
- Entry into all Brainiac Camp competitions
- Skill-building and strategy sessions
- Rankings, awards, and Brainiac honours

**\*\* Travel arrangements are communicated separately. \*\***

# PARTNERSHIPS

## Parents and Families

### A Trusted Partner in Your Child's Excellence

Parents choose African Genius League because we do not aim to “fix” struggling learners, we **refine excellence**.

By partnering with us, families gain:

- Personalised academic coaching that strengthens performance while sustaining high achievement
- Expert competition preparation beyond the standard school curriculum
- Dedicated mentorship that tracks progress and adapts programmes to each learner
- Exposure to advanced academic challenges that keep gifted learners stimulated and motivated

We become an extension of the family's educational vision, ensuring that talent is not only recognised but strategically developed.

## Schools

### Enhancing Academic Reputation & Learner Outcomes

We work collaboratively with schools to support their top-performing learners while respecting each institution's culture and academic framework.

Schools benefit from:

- Learners who are better prepared for Olympiads, expos, and academic competitions
- External academic enrichment that complements classroom teaching
- Improved performance, visibility, and academic distinction
- A trusted partner for identifying and nurturing high-potential learners

Our partnership model strengthens school excellence without disrupting school systems.

## Corporates and Institutional Partners

### A Strategic Investment in Africa's Intellectual Capital

Partnering with African Genius League is not charity, it is a **long-term investment in human capital**.

Corporate partners gain:

- Direct impact on the development of Africa's future innovators and leaders
- Alignment with excellence, education, and intellectual advancement
- Meaningful CSR and ESG outcomes rooted in measurable academic development
- Association with a premium, Pan-African academic brand

Your support enables access, opportunity, and global competitiveness for learners whose potential deserves investment.

### Why African Genius League

- ✓ Selective, high-performance admission standards
- ✓ Elite academic coaching and competition preparation
- ✓ Individualised mentorship and tailored learning pathways
  - ✓ Pan-African vision with global benchmarks
- ✓ A commitment to excellence that extends beyond the classroom

At African Genius League, we don't simply support talent, **we multiply it.**
